Public Notice As Published

The City of Hoschton, Georgia is requesting proposals from licensed water well contractors in the State of Georgia for construction of a municipal well to supply public drinking water. Proposals will address construction and pump testing and will be based on a minimum eight (8) inch casing diameter and shall adhere to all applicable rules, regulations, and standards in the State of Georgia including the Georgia Rules for Safe Drinking Water, Chapter 391-3-5, latest revision. Permanent casing shall extend two (2) feet above the 100-year flood plain elevation, if applicable. This Request for Proposals will include only construction and development of the well itself. Design and construction of any other necessary appurtenances such as the concrete pad, well house, and piping will be addressed under a separate Request for Proposals should the well yield sufficient water deemed to be satisfactory for use as a public water supply.

Construction and development of the well must be completed by August 5, 2008.

Proposals must be clearly sealed and clearly marked "Proposal for City Well". Responses must be delivered to the City Clerk at City Hall, 79 City Square, Hoschton, Georgia 30548 no later than 12:00 o'clock Noon on Thursday May 29, 2008 at which time they will be opened. Proposal responses received later than the date and time specified will be rejected. The City of Hoschton will not be responsible for late delivery of proposals that are addressed incorrectly, delivered by mail or any other means, or for any other reason.

The City of Hoschton reserves the right to accept or reject any or all proposals or parts thereof. If an award is made, it will be in the best interests of the City of Hoschton.
