

Hoschton sets the scarecrow world record.*

Celebrate victory and attend the bonfire at the Kenerly Farm on Saturday, January 3rd at 5:00 P.M.

Brush will be the only material burned.
No scarecrows will be burned due to environmental issues.

The city will request a burn permit on January 3rd as is required. If weather conditions do not allow a permit to be issued, Fire Chief Ben Stephens has generously offered to provide necessary resources from the West Jackson Fire Department to ensure Hoschton is able to celebrate its' scarecrow victory on January 3rd with a bonfire.

** Recognized and Awarded by the U.S.-based World Records Academy.*
